TEACHER PLACEMENT

Grid Distributions of Ontario Teachers, Total Staff and Enrolment

January 31, 1981

This publication is issued by the Education Relations Commission, pursuant to its duties as outlined in *The School Boards and Teachers Collective Negotiations Act, 1975*. It is a result of the cooperative efforts of the Commission, the Ministry of Education, and the various provincial trustee and teacher organizations.

The contents of this document are based on information supplied to the Commission by school boards on a survey instrument entitled *Data Form A*. (See Appendix for the detailed instructions which were to be followed in completing the Form.) To avoid duplication of effort, *Data Form A* has replaced a portion of the Ministry's June Board Report; these data will not be collected by the Ministry in 1981.

The individual distributions are ordered in the same fas ion as a companion document entitled *Teacher/Board Collective Agreements: Individual Summaries*, i.e. alphabetically within board type as follows:

- Elementary Panel, Boards of Education
- Secondary Panel, Boards of Education
- County and District Combined Roman Catholic Separate School Boards
- Other School Boards

Teacher Placement is published annually and is made available to the parties and others expressing an interest on a request basis.

Enquiries concerning this publication or requests for further informational assistance should be addressed to:

PLACEMENT DES ENSEIGNANTS

Répartition de la grille des enseignants de l'Ontario, total des enseignants et des inscriptions

31 janvier 1981

La présente brochure est publiée par la Commission des relations de travail en éducation dans le cadre des tâches qui lui ont été assignées par *The School Boards and Teachers Collective Negotiations Act, 1975*. La brochure est le fruit de la collaboration entre la Commission, le ministère de l'Education et les diverses organisations provinciales de conseillers et d'enseignants.

Le texte du document est basé sur les renseignements qui les conseils scolaires font parvenir à la Commission au moyen d'un formulaire d'étude intitulé *Data Form A*. (Veuillez consulter l'Appendice qui décrit en détail la manière de remplir le formulaire.) Pour éviter tout double emploi, le *Data Form A* remplacera une partie du *June Board Report* du ministère; ces renseignements ne seront pas recueillis par le ministère en 1981.

Les répartitions individuelles ont été classées par ordre alphabétique dans les groupes suivents:

- Groupe élémentaire, conseils scolaires
- Groupe secondaire, conseils scolaires
- Conseils scolaires des écoles catholiques séparées
- Autres conseils scolaires

Placement des Enseignants est publié annuellement et est mis à la disposition des parties et des autres personnes exprimant leur intérêt qui en font la demande.

Appendix: Instructions to be Followed in Completing Data Form A

Data Form A is being issued and processed by the Education Relations Commission.

The information which *Data Form A* will provide is for the use of both the Education Relations Commission and the Ministry of Education. This information will not be requested by the Ministry of Education in the 1981 June Board Report.

The following instructions are to be read carefully before completing *Data Form A*.

General

In completing *Data Form A*, remove the top sheet (*white, non-carbonized*), and use it as a working copy. When all the information has been accurately and properly entered, transfer it to the green and yellow sheets (*carbonized*) and forward the yellow copy to the Education Relations Commission. The green copy is to be retained by your school board.

Please ensure that the Director of Education or school board Secretary has signed the copy filed with the Commission.

Sections A and B

DATE: The number of teachers is to be reported as of January 31, 1981.

FULL-TIME EQUIVALENTS: Teachers are to be expressed in full-time equivalents (FTE) carried to one decimal place only. *Please ensure that the data are entered properly - one digit per block:*

e.g. 35.5 teachers should be reported as

0	3	5	5

For the purpose of *Data Form A*, full-time equivalents of part-time teachers are to be calculated using 25 hours as one 5-day week.

$$\text{e.g.} \quad \frac{\text{10 hours per week}}{\text{25 hour work week}} = 0.4$$

A teacher should never exceed the full-time equivalent of 1.0.

Teachers of the Trainable Mentally Retarded

Do Not Include in Section A and B of *Data Form A*, teachers of the Trainable Mentally Retarded.

Teacher

For the purpose of *Data Form A*, the term teacher includes all personnel with teaching certificates employed under a teaching contract. The following are specific instructions regarding the inclusion or exclusion of teachers in Sections A and B.

Include

(1) teachers holding Letters of Permission and Letters of Standing if they are placed in Levels 1-7 for salary purposes

(2) teachers attached to the school board office

(3) teachers of grades 9 and 10 of an R.C.S.S. Board in FTE

(4) teachers on leave of absence with pay (e.g. Sabbatical, DND) as FTE based on the percentage of their salary that is paid

(5) religious order teachers (irrespective of salary considerations) according to their experience and qualifications

(6) principals, vice-principals, consultants and coordinators *if persons occupying these positions are paid on the basis of the teachers' salary grid plus a responsibility allowance*

Do Not Include

(1) teachers of the trainable mentally retarded

(2) supervisory officers

(3) non-teaching personnel such as psychologists and social workers

(4) paraprofessionals and teacher-aides

(5) teachers with "second-class" qualifications in the elementary panel and pre-category teachers in the secondary panel

(6) principals, vice-principals, consultants and coordinators *if persons occupying these positions are paid on the basis of a salary grid which is different than the salary grid for teachers*

QUALIFICATIONS

Teachers' qualifications (salary category) are to be reported as of January 31, 1981, and should reflect any change of category status that may have occurred since June, 1980.

EXPERIENCE

Report the years of experience recognized for the 1980-81 school year. Generally, this would represent the years of experience as of September, 1980.

The number of teachers should be reported to "16 or more" years of experience, regardless of the number of years to reach maximum salary.

For example, if the number of years to reach maximum in Category D (Level 1) is 6 years, and if a Category D teacher has 7 years of experience, then this teacher should be reported at experience, level 7. Similarly, if a Category D teacher has 20 years of experience, then this teacher should be reported at experience level "16 or more" years.

NOTE: Some school boards may keep records that report teachers' years of experience only up to the maximum of each category. These boards should make every effort to report years of experience to "16 or more" years.

Part-Years of Experience

Teachers with part-years of experience (for example, 12.8 years) *should not be reported between experience levels, but rather at the lower experience level.* The salary cost to the school board of the additional part-year of experience should be reported in the 1981 June Board Report when it becomes available.

For example, a teacher with 3.9 years of experience should be entered at experience level 3 and the salary cost to the school board for the additional 0.9 years of experience should be reported in the 1981 June Board Report under "Related and Part-Year Experience Allowances".

PRO-RATING OF TEACHERS

Teachers in Boards of Education who are involved in both elementary and secondary panels, should be pro-rated in accordance with the percentage of their time which is allocated to the elementary and secondary panels.

Teachers employed in one school board who are engaged in instructional activities in another school board (e.g. assignment of service), for which the employing school board is reimbursed, should be pro-rated in accordance with the percentage of their time which is allocated between the two boards.

CATEGORY TOTAL

After completing the main portion of Section A and B, please indicate the total number of teachers in each category in the appropriate spaces provided on the Form.

SECTION C

Parts 1 and 2 of Section C seek information regarding the number of teaching staff and students both in full-time equivalents as of January 31, 1981.

NOTE:
1) *The number of full-time equivalent teachers reported in Section C cannot be less than the respective total number of teachers in Section A or Section B.*
2) *Only in the appropriate portion of Section C are the teachers of the Trainable Mentally Retarded and their students to be recorded.*
3) *The number of full-time equivalent teachers for the purposes of Section C should include all personnel with teaching certificates employed under a teaching contract.*
4) *The number of students entered in Section C are to be reported on a Full-time Equivalent basis employing those criteria as are outlined in the Ministry of Education's September School Reports.*

Parts 3 and 4 of Section C seek information regarding the number of teaching staff participating in various insured benefits and the nature of benefit coverage for participants.

NOTE: *1) For some of the listed benefits, part-time teachers may participate fully and thus receive full benefit coverage. Therefore, it is possible to have a larger number of participants than the full-time number of teaching staff indicated on Line 2.*
